

# SANDRA MAGO

## Webudvikler

Mit navn er Sandra Mago og jeg er en 24-årig webudvikler bosat i Aarhus. Jeg er uddannet multimediedesigner og har netop afsluttet min professionsbachelor i webudvikling. Jeg har tidligere arbejdet i kundeservice, hvor jeg har lært, hvor vigtig rollen som bindeleddet mellem en virksomhed og kunderne er. Her modtog jeg også positiv feedback for at være detaljeorienteret og at sørge for at kunderne er i fokus. Disse er også kompetencer, som jeg anvender i min design- og programmeringsproces for at sikre at mit produkt lever op til brugernes behov og standard.

# SANDRA MAGO

## Web developer

---

My name is Sandra Mago and I am a 24 year old web developer based in Aarhus. I have a degree in multimedia design and communication and I just finished my bachelor's degree in web development. I have previously worked in customer service where I learned how important the role of being the link between an establishment and the customers is. Here I received positive feedback for being detailoriented and making sure that the customers are in focus. These are also skills that I apply throughout my work process to assure that my product fulfills the user's needs.

## WORK EXPERIENCE

### Owner, designer & developer

Juli 2022 -

MagoMade

January 2023

- Developing a consistent brand identity across all channels
- Designing and developing a webshop in Shopify
- Social media marketing (Instagram, TikTok and Pinterest)

### Internship | Web designer

January 2021

Den Sociale Retshjælps Fond

- March 2021

- Being responsible for the redesign of their visual identity and the development of a design guide
- Redesign and development of their website in WordPress

### Waitress

2020

A+ Siam Sushi

- Working as a part of a team and coordinating with colleagues to ensure a smooth and effective work flow
- Maintaining a positive and friendly attitude when interacting with customers

### Waitress

2018 - 2019

Highway 66 Aalborg

- Being the connection between customers and kitchen staff and demonstrating strong communication skills
- Performing consistent check-ins with customers and evaluating customer satisfaction
